SKILLS

Languages:	C++, Python, C
Tools/Platforms:	SQL Server, LeetCode, GFG
Soft Skills:	Team Player, Adaptability

PROJECTS

AI BASED SMART CAR PARKING SYSTEM C++, Basic Knowledge, AI TOOLS	Jan'26
--	--------

- Developed an AI-powered smart parking system using computer vision for real-time detection of available and occupied parking spaces.
- Implemented automated vehicle and parking-slot detection to minimize manual monitoring and improve parking efficiency.
- Designed the system to provide accurate parking availability information, enabling faster space identification and better utilization of parking areas.

AI BASED SMART LEARNING SYSTEM Python, ANTIGRAVITY, Cursor	Aug' 26
--	---------

- Developed an AI-powered learning system that provides personalized educational content based on individual learning needs and performance.
- Implemented intelligent recommendation techniques to suggest relevant topics, resources, and learning activities.
- Designed the system to analyse learner performance and provide adaptive feedback, improving engagement and overall learning efficiency.

CERTIFICATES

C++ Certification Infosys Springboard	Apr' 26
---	---------

EDUCATION

Lovely Professional University Bachelor of Technology Computer Science and Engineering; CGPA: 7.4	Phagwara, Punjab Aug' 25 – Present
PATWA ACADEMY FOR EDUCATION Intermediate PCMB; Percentage: 74%	Neemuch, Madhya Pradesh Mar' 24 – May' 25
